

CHAMPIONING COURAGEOUS LEADERSHIP

We champion those who make a difference, who go on to impact the world from the invaluable experiences and the journey on which we take them.

Leadership Western Australia is an independent, not-for-profit organisation that brings together leaders from the corporate, not-for-profit and government sectors in a collaborative environment to inspire and enhance exemplary leadership. Since we began our work in 2004, our vision has been to foster a strong leadership philosophy and practice that goes beyond personal and professional development.

Leadership WA's key objective is to build stronger communities through leadership development programs and courses, as well as social impact initiatives. Today's leaders have the potential to make a real difference and Leadership WA's alumni set the standard.

OUR PROGRAMS AND COURSES

Our leadership programs challenge, connect, inform and inspire. They foster personal growth, inform business acumen, connect like-minded individuals and enhance individual capacity to serve communities in a myriad of ways. Great leaders thrive on challenge, which is why our Leadership Development Programs and Courses take participants beyond their comfort zone to engage with diverse perspectives of our community as we delve into a range of key issues including health, media, the economy, education, justice, science and the arts.
